

ENVIRONMENTAL POLICY

MAY 2018

Tarmac is the UK's leading sustainable building materials and construction solutions business. Our innovative products and solutions not only deliver the infrastructure needed to grow the UK economy today but also help to create a more sustainable built environment for the country's long term future.

This policy confirms our approach to ensuring Tarmac's environmental performance continually improves and delivers the objectives and targets set out in our Sustainability Strategy.

To support our approach we will ensure that:

- We implement, and continually improve, a robust certified environmental management system, appropriate to our activities, to manage risks and support opportunities
- Our senior management team demonstrate leadership of the management system, its implementation and use within the business. Line management have a responsibility to ensure implementation and compliance at a local level
- We understand the issues that are material to our business, identify areas for protection or improvement and ensure we prevent pollution
- We understand and meet our compliance obligations, including relevant industry codes of practice.
- We set ambitious environmental objectives and targets using information gathered through understanding our aspects and monitoring our environmental performance
- We use biodiversity management plans to deliver on our commitment to enhance environmental stewardship.
- We meet society's demands for our products, services and solutions in a responsible way, by helping to

tackle climate change, reducing carbon emissions, using resources efficiently and designing out waste

- We extend the life of our products through enhancing their durability, designing them for re-use and facilitating their recycling into new innovative solutions
- We promote the adoption of responsible procurement principles amongst our customers, suppliers and contractors
- We actively engage with local communities, regulators and trade associations
- We provide appropriate resources for the learning and development of our employees, confirming that they understand their role/responsibilities and their contribution to protecting and enhancing the environment.

This policy is communicated to all Tarmac employees and those working on our behalf. It is also available for other interested parties on our website. Every employee is expected to work in accordance with the commitments set out in this policy. This policy will be reviewed, as a minimum, annually.

Martin Riley
Senior Vice President,
Tarmac

Oliver Mahon
Senior Vice President,
UK Cement & Lime, Ireland & Spain
