

*ULTI*SHIELD

The ultimate fuel resisting asphalt

ULTISHIELD

The ultimate fuel resisting asphalt

*Using an advanced modified binder and high quality aggregate, **ULTISHIELD** is a super dense SMA designed to withstand the harmful effects of contamination by fuel and oils.*

ENHANCED RESISTANCE

Superior resistance to fuel and oils spills, deformation and turning stresses from heavy vehicles.

ULTIMATE VERSATILITY

A 10mm product laid in a 40mm layer. ULTISHIELD is suitable for taxi ranks, service stations, lay-bys, bus stops, car parks and distribution centres.

FASTER INSTALLATION

As a practical alternative to concrete in appropriate environments, ULTISHIELD can be laid quickly and trafficked within hours depending on ambient conditions compared to lengthy delays in opening concrete surfaces.

ULTIMATE SUPPORT

At Tarmac, technical excellence comes as standard. ULTISHIELD is available for installation by accredited contractors or by our own expert Contracting division who evaluate each site to ensure our clients get the right solution and then deliver it to the highest industry standards.
