CHOICE OF COLOUR

Coloured mortar can make an enormous permanent difference to a building for a very small additional cost. With over 50 shades to choose from and factory produced, we will supply the same colour batch after batch.

USABILITY

LIME SAND MORTAR is available pigmented or natural in colour. Cement is added at point of use to the desired specification, it is important that measures are taken to ensure that mixing is to a consistent standard so as to avoid performance and colour issues.

AVAILABILITY

LIME SAND MORTAR is available in bulk bags and tipper loads, delivered directly from one of our strategically located plants.

QUALITY ASSURED

All Tarmac products are manufactured in the UK and certified under BES 6001 Responsible Sourcing. Our mortars are compliant to BS EN 998-2:2010 ensuring our customers receive unrivalled quality and technical expertise.
